

### President's Report

Well – hello to everyone.

I have been asked to produce a Presidents Report.

So – where do I begin?

At the beginning one would think – but – why would I want to do that – yes – there is a beginning a middle and an end to every story – so where are we?

I think IN THE MIDDLE.

The beginning was pretty – whoops – don't think I should say that.

We appear to have not reached the end yet.

So – here we are – in the middle.

We are all getting rather bored with looking out our windows and seeing life – or traffic (mainly courier vans) – passing us by (Just how much online shopping is going on these days?).

I enjoy watching what everyone is up to on Facebook – then – WHOOPS – that went down too.

And Instagram went down too – but let's get real here – I don't use that, so it didn't really worry me.

For those of you that are Essential Workers – who are getting up and taking care of the front lines – I thank you – you are keeping NZ going.

My weekly outing is to do Food Shopping – no club nights – no dances – I miss the music – I miss the people – but like everyone – I am keeping safe.

**SAFE**

**HMMM**

**OK**

We are now allowed to extend our bubbles slightly – but alas – no dancing as yet – well – not for those that don't live in the same household.

I have been amused by some things on Facebook – the latest being a man “dancing” with a Wheelbarrow – can anyone think of anything else they could dance with – some other inanimate household object - that they could post to our Facebook page?

Perhaps we could make a little competition of it – as long as there are at least ten videos posted to our Facebook Page – I will give a Door Entry prize - to the person I deem to be the winner - to our 2022 Birthday Hop.

The challenge has been laid.

Who is up for the challenge?

Ok - I believe that I have now prattled on enough and filled up some space in our Newsletter = have at it people.

Cheers – your El Presidente - Linda
